Business process outsourcing (BPO) is the contracting of non-primary business activities and functions to a third-party provider. Implementation of patient protection and affordable care act (PPACA) and patent expiration of the blockbuster drugs are the major factors that are augmenting the demand of the market. Furthermore, complex clinical trial protocols, increasing pressure to minimize the healthcare cost and availability of the skilled workforce for low cost in emerging countries such as India are also estimated to be one of the major factors that are driving the growth of the market.

In 2017, the global Healthcare Business Process Outsourcing market size was xx million US\$ and it is expected to reach xx million US\$ by the end of 2025, with a CAGR of xx% during 2018-2025.
